

## OIL FINISH

We protect our furniture with hard wax oil by OSMO, which protects against the penetration of dirt, water and stains. Product based on natural vegetable oils and waxes. We use oak and walnut veneers.

Oiled natural walnut

## LAQUERED FINISH

We finish our products with an eco-friendly water-based lacquer, creating a safe and environmentally responsible coating.

Lacquered matt black

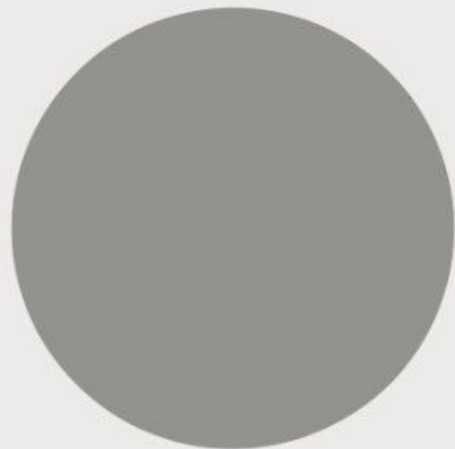

Lacquered matt oak

## LAMINATE

The laminate used in our designs is partly made from melamine resin; one of the hardest synthetically produced organic materials that has the ability to make a surface highly resistant towards scratches and natural wear.
